Dear Customer:

This letter inform you about FDA Approval of Teflon® PFA 451HP-J.

The Federal Food and Drug Administration (FDA) has approved the use of Teflon® PFA 451HP-J for repeated food handling applications. This approval removes the previous coatings limitation to expand the range of applications into tubing, fittings, valves, etc..

We very much appreciate and thank you for your business and for your continued support of Teflon® PFA 451HP-J fluoropolymer resin.

As always, your sales representative is available if you desire to discuss this information further.

Sincerely,

Kazuaki Yokoyama  
Product Manager  
Fluoropolymers
